

Amazon Music wants to highlight your show.

Video podcasts are coming to Amazon Music. Flightcast sends your existing episodes there automatically.

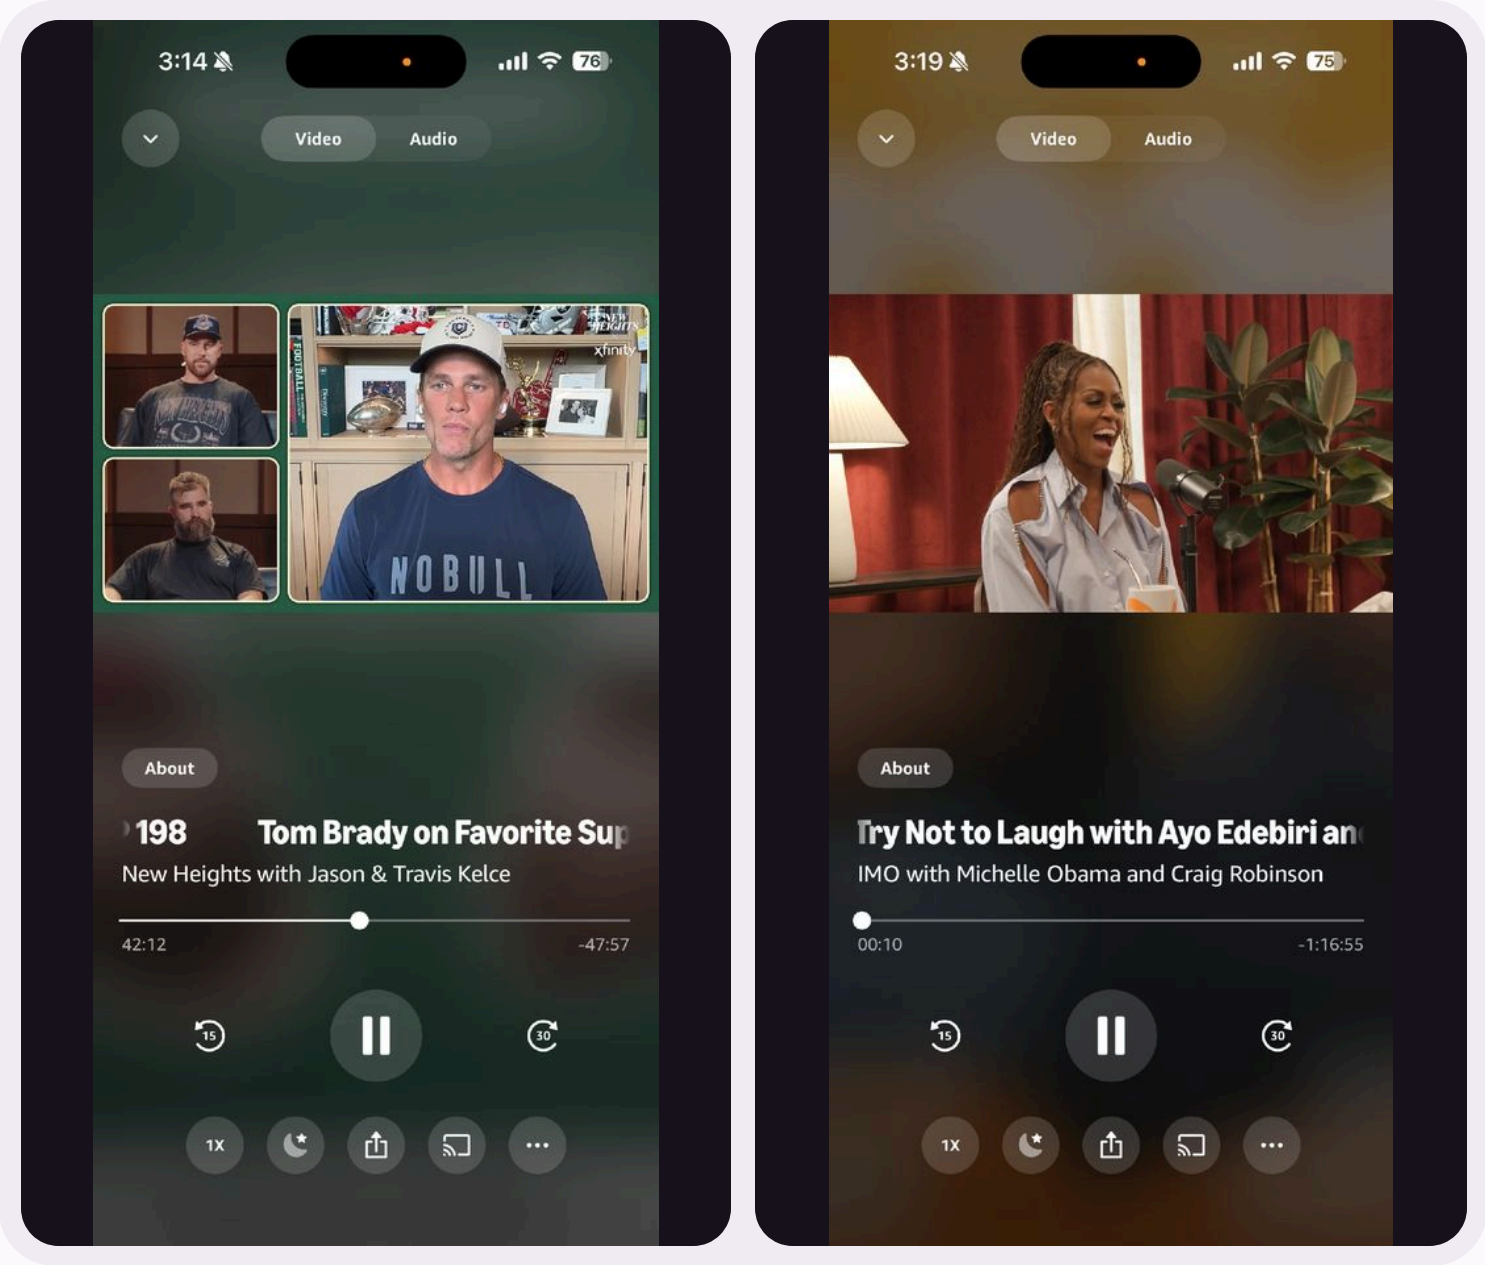

For Flightcast creators · Four promotion options from Amazon Music

Your existing video episodes will appear on Amazon Music.

Flightcast sends the episodes you already publish.

You do not need to upload them again.

People can watch your show in Amazon Music, not just listen to it.

There are four ways Amazon Music could highlight you.

01 **Times Square billboard**
One week · 3 to 4 months lead time

02 **Featured in the app**
Quickest option · No commitment in return

03 **Audio ad swap**
Trade ad space · No money changes hands

04 **Paid social ads**
Amazon pays for Meta and TikTok ads

Your show on a Times Square billboard

Amazon features your show for one week and gives you photos and video to keep.

01

7 days

Your video runs full-screen at 20 Times Square.

Best for shows that already have a large audience.

- 01 Features your show for one week on the billboard.
- 02 Provides photos and video for you to use on social media.
- 03 Features your show inside the Amazon Music app.
- 04 Pays to promote the files you provide through social ads.

The previous slide shows earlier Amazon Music billboard features.

Send your audience to Amazon Music.

Amazon asks you to do all five.

Website

Add a link to your show on Amazon Music.

750,000 plays

Run a pre-roll naming Amazon Music and no other platform until it plays 750,000 times.

250,000 followers

Post one shoot photo on Instagram and tag @amazonmusic. The account needs at least 250,000 followers.

100,000 impressions

Run a display banner linking to Amazon Music until it reaches 100,000 impressions.

100,000 people

Email at least 100,000 people and link only to Amazon Music.

Send Amazon these four files.

VIDEO **15 to 30 seconds** of you talking about the show.

PORTRAIT **One approved headshot** for a still image ad.

**COVER
ART** **3000 × 3000 pixels** in **JPG**, or **MOV** if you want
it to loop.

COPY **A tagline of 40 characters or less.**

Amazon can feature your show in the app.

People see it while they browse Amazon Music.

02

Amazon can place your show on a page or themed list.

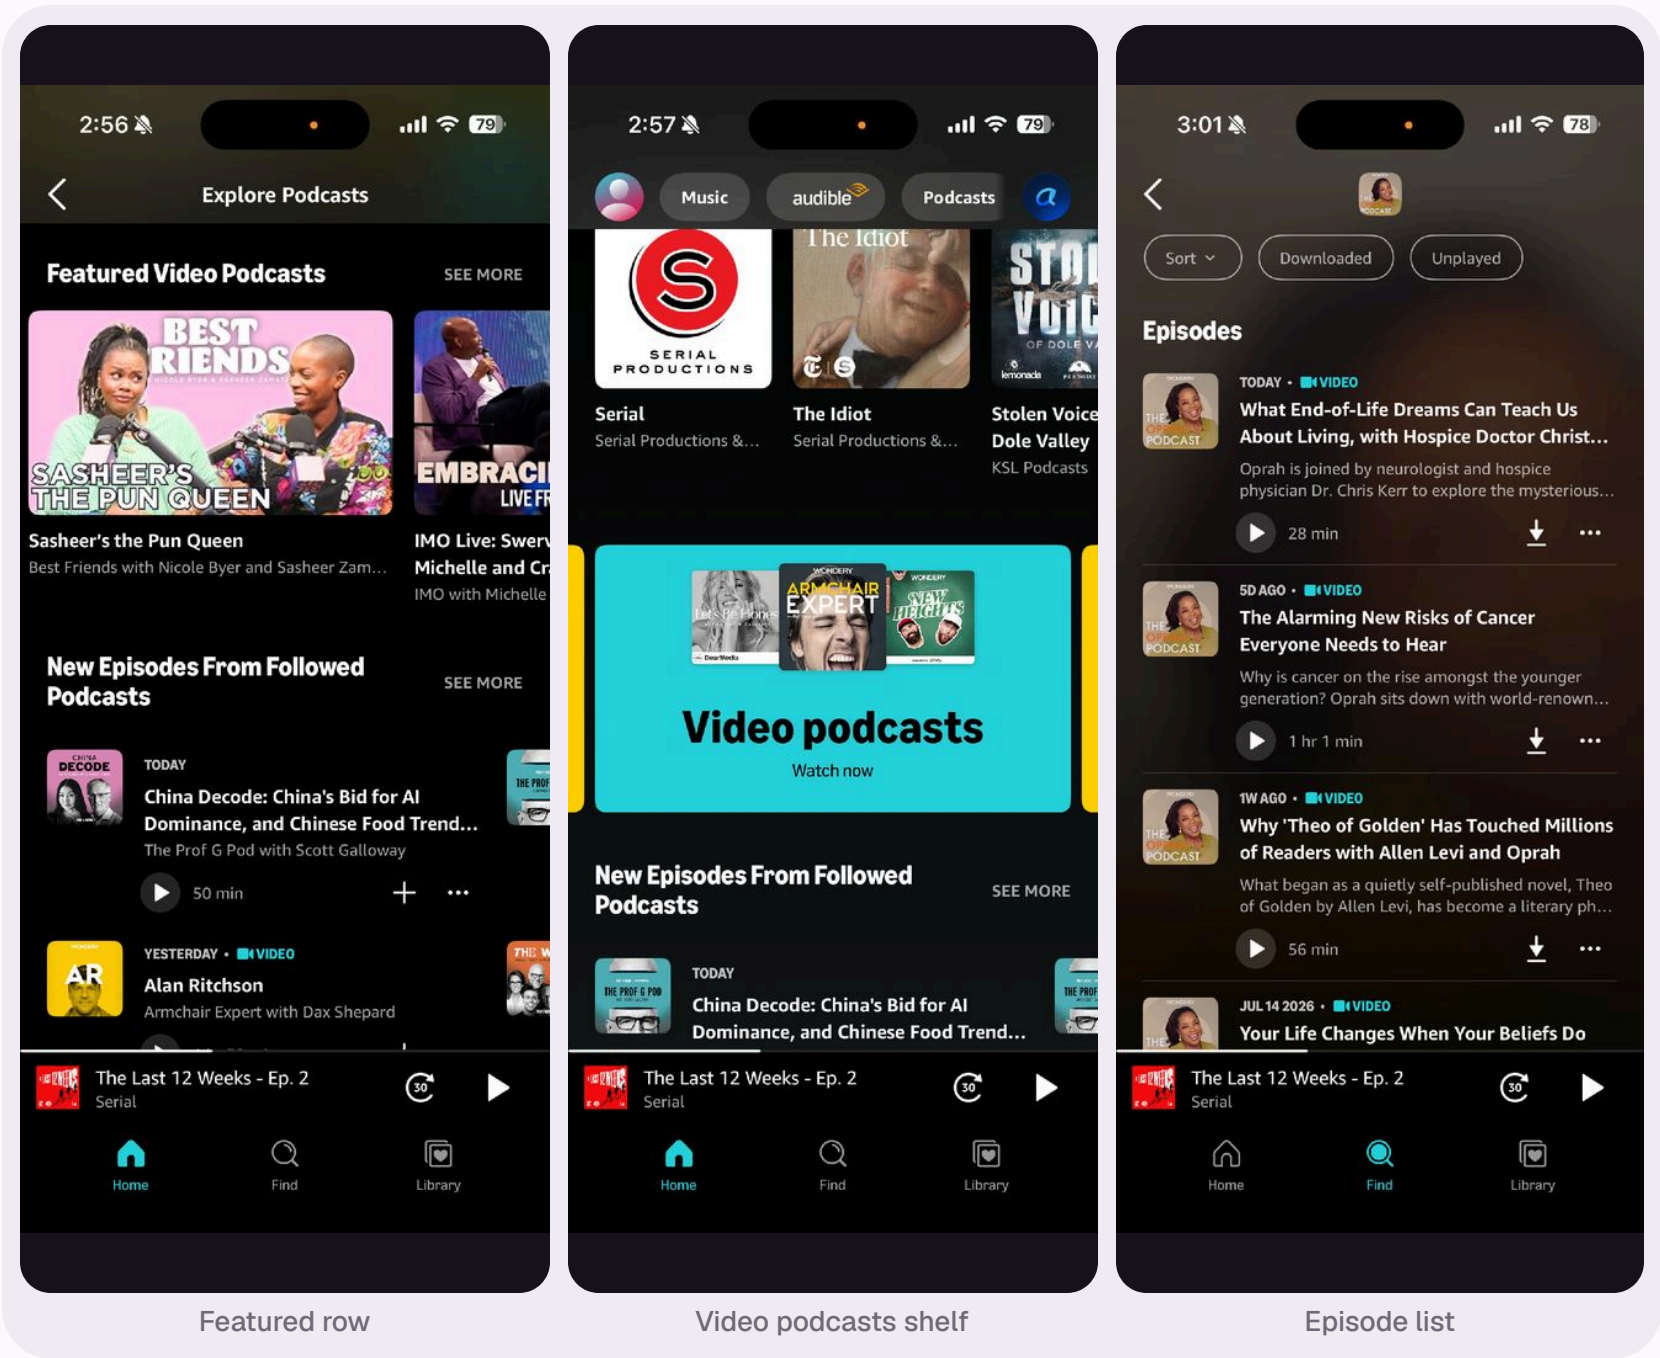

Amazon decides where it appears based on audience size, show quality and its current priorities.

What you do

Submit the form. You promise nothing in return.

REQUEST AN IN-APP FEATURE

Amazon partner promotional request form

Trade ad space with Amazon Music.

You run an Amazon Music ad. Amazon runs ads for your show. No money changes hands.

03

You give Amazon ad plays. Amazon gives your show ad reach.

WHAT YOU DO

2 million plays

Run an ad telling listeners your show is on Amazon Music.

WHAT AMAZON DOES

Runs ads across its free tier

Including to people who have not heard of your show.

You exchange ad space, not money.

Run the ad until it reaches 2 million plays.

Your download numbers decide how long that takes.

01

Record an ad that sends listeners to Amazon Music.

02

Run it in your episodes until it plays 2 million times.

03

Amazon runs ads for your show on its free tier.

04

No invoice. You exchange ad space, not money.

A show with **100,000 downloads per episode** gets there faster than one with **10,000**.

Amazon pays to promote your show on social media.

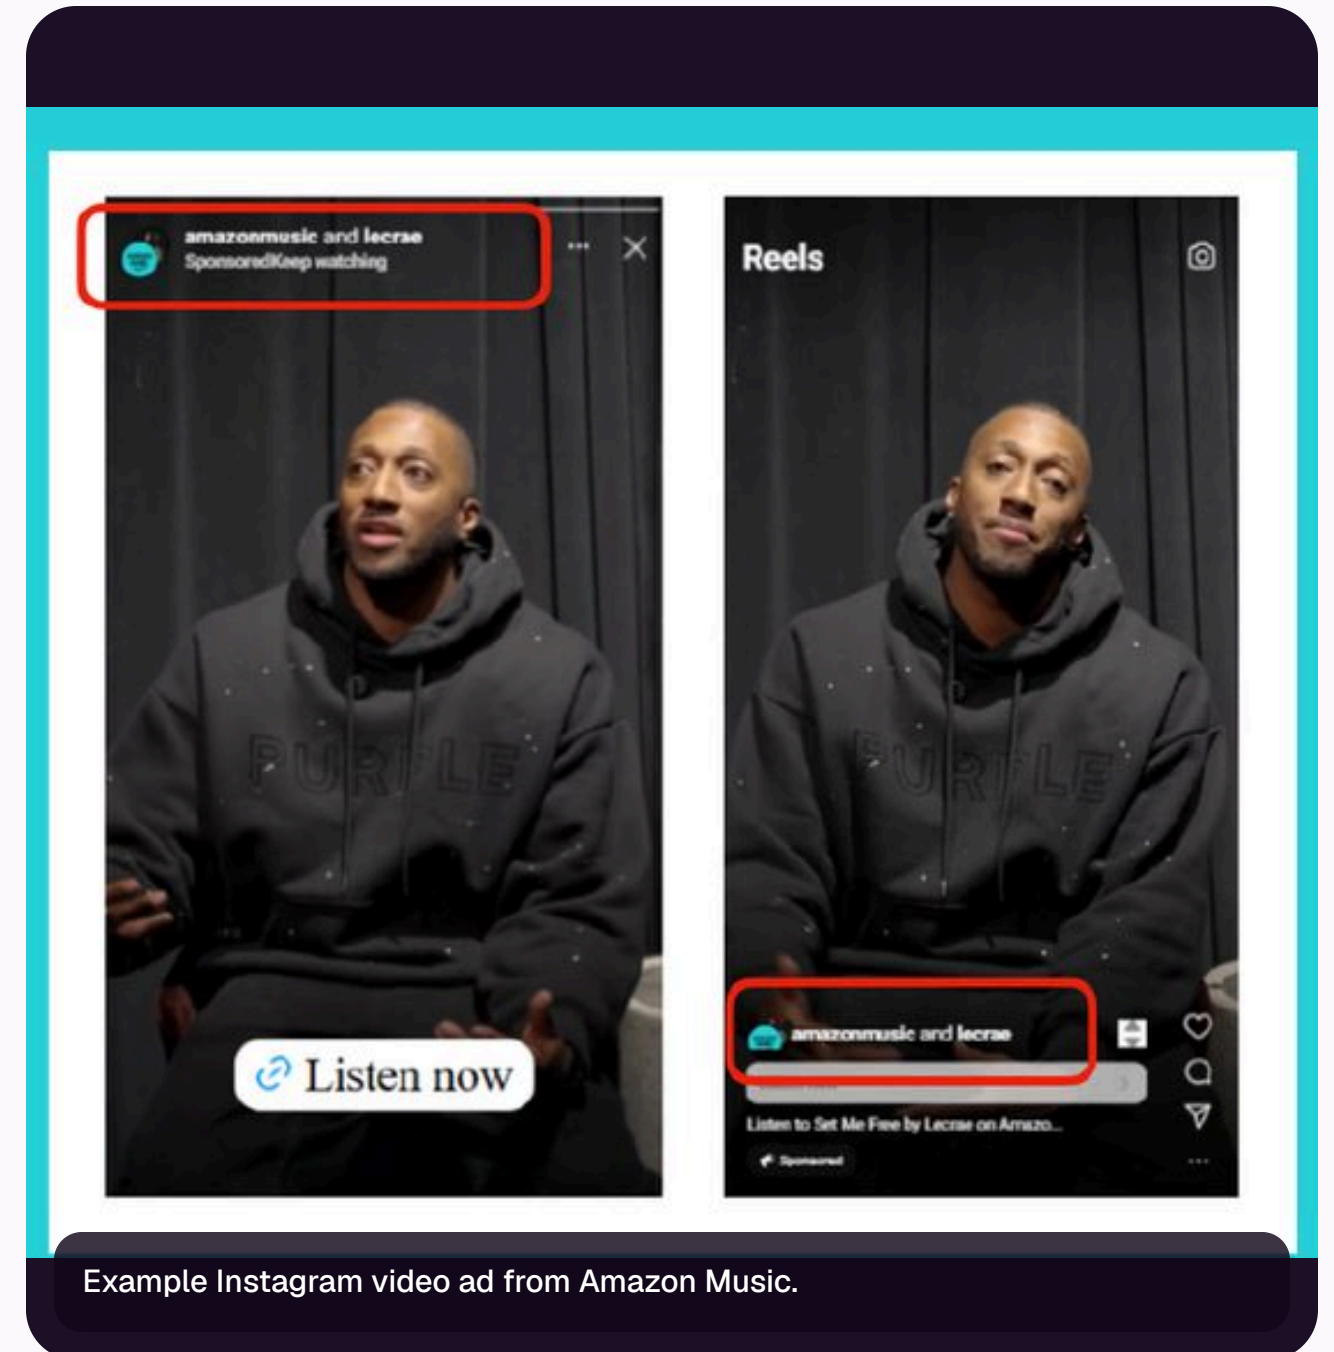

You send video or images. Amazon creates and pays for the ads.

04

You send the files. Amazon pays to run the ads.

You: Send a host video, episode clip or approved portrait.

Amazon: Builds the ads, pays for them and links each one to your show on Amazon Music.

Example Instagram video ad from Amazon Music.

The ads can appear from your account or Amazon Music's accounts.

Amazon can run them without adding posts to your feed.

Every ad links to your show.

BUILD

Amazon creates ads from the files you send.

RUN

Amazon runs them across TikTok and Meta.

META

You need a professional or business Instagram account.

TIKTOK

Any TikTok account is eligible.

You can send three types of files.

01

Host video

Speak directly to the camera.

15 TO 30 SECONDS

02

Portrait

Send one approved high-resolution headshot.

ONE APPROVED PORTRAIT

03

Episode clip

Choose a strong moment already on Amazon Music.

30 SECONDS OR LESS

Speak directly to the camera.

Film upright, wide or square. All three work.

Upright host video

Wide host video

A clip from an episode

Amazon source examples: Joy 101 with Hoda Kotb · The Weekly Show with Jon Stewart · IMO with Michelle Obama and Craig Robinson · That Was Us Podcast.

Use this three-part script.

- 01 **Introduce yourself.**
- 02 **Explain the show.** Say what it is about or open with a question.
- 03 **Keep it evergreen.** Do not name a specific episode or guest.

How to film it

Use a clean background and steady shot. Do not film handheld or as a selfie. A mic and headphones can be in frame.

“Listen to the podcast now on Amazon Music!”

For an audio podcast

“Watch the podcast now on Amazon Music!”

For a video podcast

LENGTH

15–30
seconds

Keep the file under 500 MB.

Keep the video clean and simple.

File size
500 MB or less.

Aspect ratios
9:16, 16:9 or 1×1.

Captions
Include subtitles if possible.

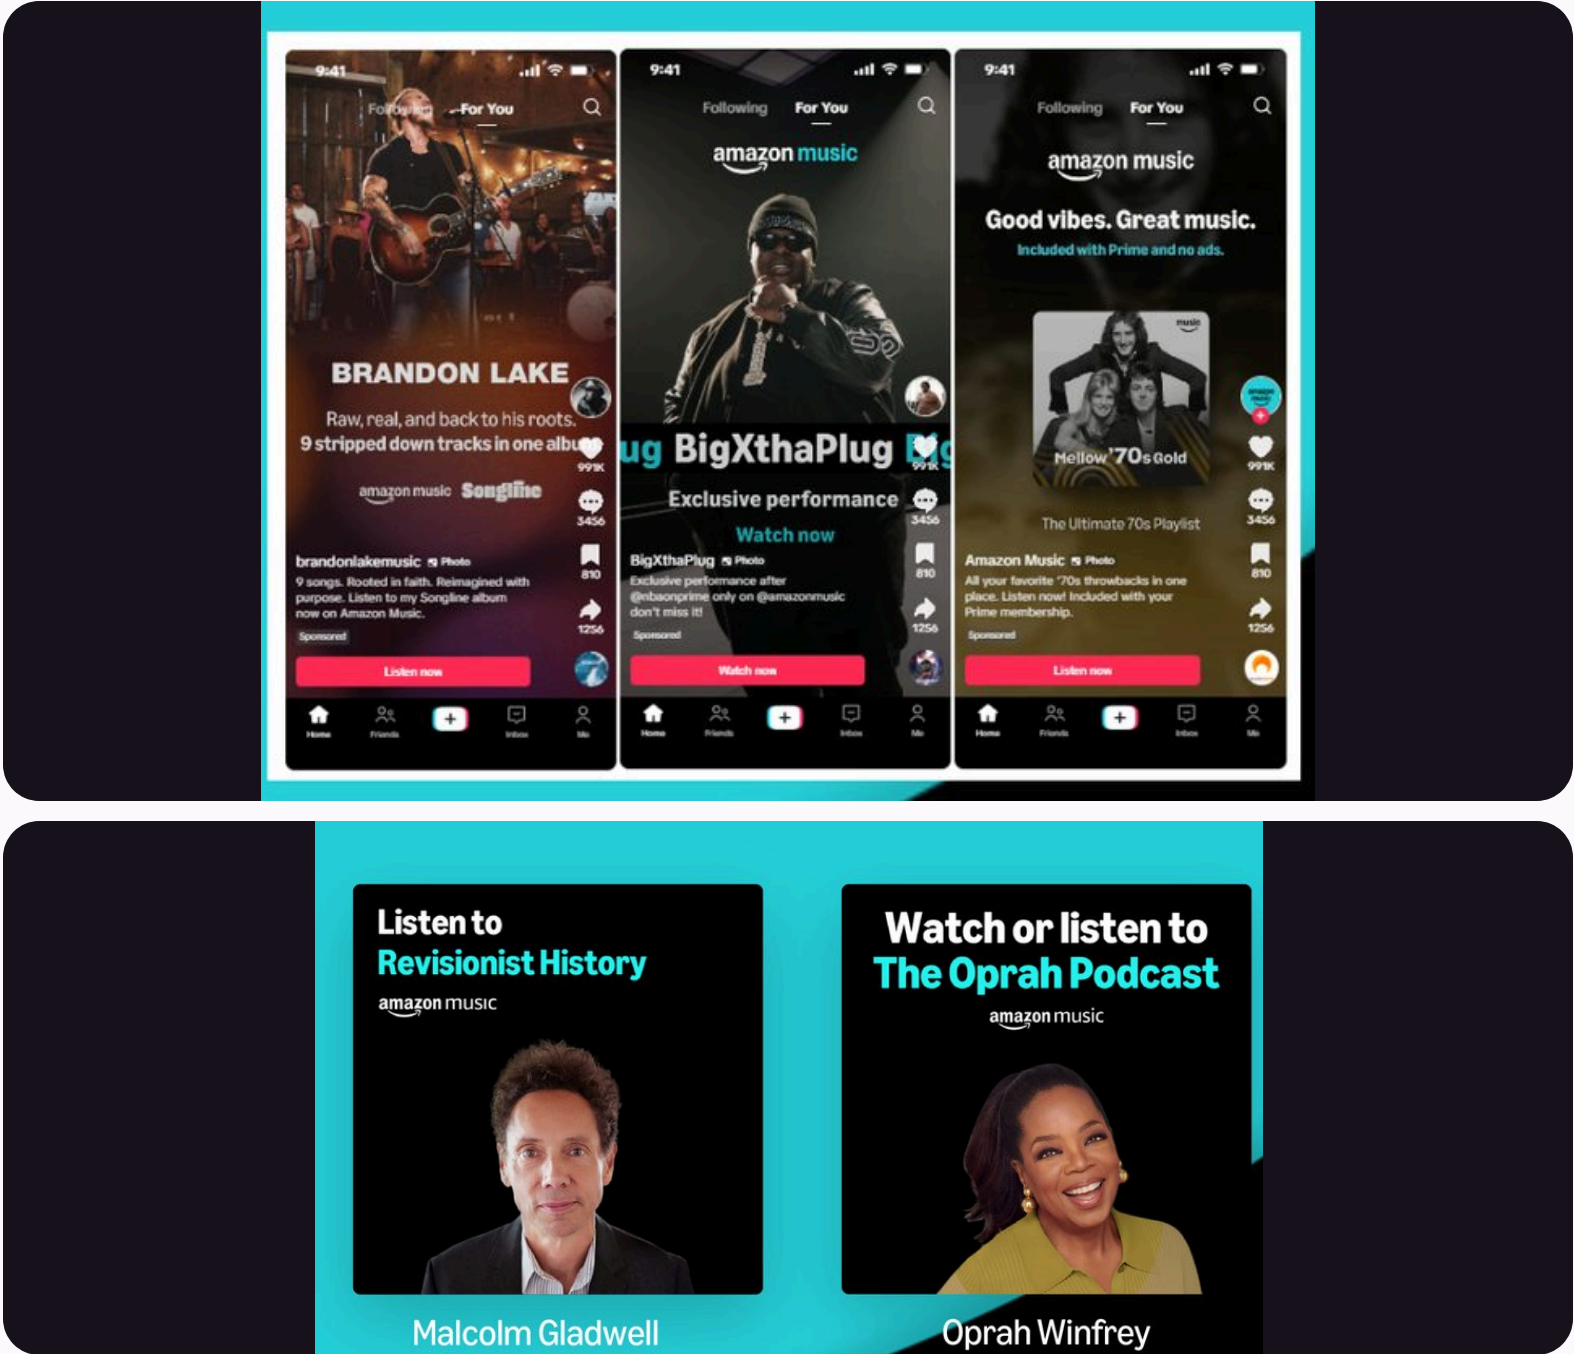

End card
Amazon Music adds it.

Send one portrait. Amazon builds the ad.

You: Send one approved high-resolution headshot.

Amazon: Builds a static ad and links it to your show on Amazon Music.

Source examples: Malcolm Gladwell and Oprah Winfrey. These examples are not part of this offer.

You do not need to film anything new.

Send a clip you have already posted.

It must be 30 seconds or less and come
from a video episode already on
Amazon Music.

Pick a moment that explains the show
quickly.

Source examples: Armchair Expert with Dax Shepard, Baby, This is Keke Palmer, The Zach Sang Show and That Was Us Podcast.

Within a week

Ads usually go live.

4 to 6 weeks

A first campaign usually runs this long.

Up to 3 to 6 months

Amazon may extend strong campaigns.

Where do the ads run?

Facebook, Threads, Instagram and TikTok.

Will Amazon use every file?

Yes. Everything you send goes live and receives impressions.

How often should we send files?

No set schedule. Amazon prefers 1 to 4 files a month.

Will Amazon share conversions?

No. Amazon Music policy does not allow it.

What can we send?

Host videos, portraits and episode clips.

Who pays?

Amazon creates the ads and pays to run them.

NEXT STEP

Choose the right option for your show.

Book a 15-minute call. We will check which option fits and whether your show meets the requirements.
